GENERAL:

Given the global spread of Coronavirus, full consideration must be given to Social Distancing Measures in line with the latest UK Government Guidelines and the advice given by the ACU.

Travel to/from the Circuit/Venue. Travel to and from the circuit/venue would be dependent on current UK Government advice / guidance in place at the time. Only one person is allowed in the vehicle unless they come from the same household. If competitors / officials or someone in their household or support bubble are showing coronavirus symptoms, everyone in that household / support bubble should stay at home. If a competitor / official or a member of the household or support bubble are contacted as part of the test and trace programme, the individual contacted should stay at home. If that individual becomes symptomatic, everyone in the support bubble must self-isolate and stay at home.

Rule of Six. To try and combat the recent spike in Covid-19 infections, the Rule of Six has been enforced by the UK Government for England. The Rule of Six means:

- Competitors / Teams to have 'groups' of no more than six in their awnings.
- Wear face masks when moving outside of their awning.
- Maintain social distancing as per current UK guidance/advice
- All personnel should wear face coverings for the duration of the period whilst they are in the Paddock Area.

No riding at the venue before or after the trial.

Event Duration. Overnight stays/camping are not permitted at the venue.

No Spectators. No spectators are permitted, only competitors and their vehicles shall be admitted to the venue. One parent/guardian shall accompany under 18 youths.

Riders Briefing. All riders must attend the riders briefing prior to the start and without their motorcycles.

Youth participation at a Trials event. To minimise the number of people at an event, youths should be accompanied by one parent / legal guardian which will help with overall Social Distancing. Should a rider fall, then the parent / legal guardian only should assist the rider.

Group Observers. Riders will be allocated to groups (max 4) to travel the Course, respecting Social Distancing always and especially when parking their machines. Each rider will be given a score card and pen and it is their responsibility to record the correct score. The cards and pens must not be passed around the Group.

Inspecting Sections. To respect Social Distancing, only three riders may inspect a section at one time. A one-way system will be established for the riders to walk through and return. Social distancing measures to be adhered to at all times.

Waiting at Sections. Whilst waiting to negotiate a Section, all Riders are always to be socially distanced. It is recommended that up to a maximum of six Riders wait at a Section at any one time. This will help control Social Distancing Measures.

Section Markers. Any displaced markers shall be replaced by the rider wearing gloves. At the end of the event the Club will request volunteer riders to recover the Section Markers and place them into crates where they can subsequently be disinfected with appropriate liquids.

Signing On. The competitor enters the event via the ACU On-Line System and will receive a riding number for the event from the Club. The competitor then prepares his own card/number plate with his riding number displayed on it. At signing on, the card is held up to the Secretary at a safe distance to the Secretary who is socially distanced with appropriate PPE or behind a plastic transparent screen who will tick the riders name off the Start List to confirm his attendance

Toilet/Washroom Facilities. There will be no Toilets at the venue. Competitors are to provide their own handwashing facilities and first aid kit for minor injuries.

Food Outlets. There will be no burger van in attendance

Litter and Waste. It is the responsibility of each rider & Official to take their own litter home.
